

# Weld Safer with **MICHIGAN** WELDING CO. MPAPR200

Exclusive to

# MPAPR200

Powered Air Purifying Respirator with  
Auto Darkening Welding Helmet  
..116237

- Provides a continuous flow of filtered air to the user for up to 8 hrs.
- Powered by a 7.4V 5200mAh Li-Ion battery pack, long run times and weighs just 1.3kg (Respirator & Battery pack).

The MPAPR200 has been tested and approved in Australia to AS/NZS 1716:2012 P2. It is intended for use in protection against both mechanically and thermally generated particulates, including welding fumes.

- Carbon & Stainless Steel
- Areas with limited ventilation
- Coated and painted materials
- Flux cored welding wire

Tech Spec	MPAPR200
Airflow	170-240 L/Min 8 flow settings
Particle Filter Classification	P2
Respirator Weight (Battery + Filter + Belt)	1300g
Battery	Li-Ion 5200mAh, 7.4V Lowest Flow >8hrs, Highest Flow >7hrs.
Noise	66dB
Low Air Flow Alarm	Audio + Visual + Vibration

## MPAPR200 Kit Contents

- Air Pump Unit
- Li-Ion Battery Pack
- Battery Charger
- Waist Belt
- Hose
- Flowmeter
- Filter
- Pre-Filter
- Face Seal
- Welding Helmet with Auto Darkening Lens
- Carry Bag

## Consumables (sold separately)

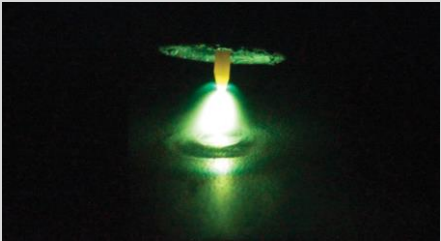

- ..118075 Filter
- ..118078 Pre-Filter 10pk
- ..118080 Sweatband
- ..118082 Lens Cover Kit
- ..118084 1.5D Mag Lens
- ..118085 2.0D Mag Lens
- ..118086 2.5D Mag Lens
- ..122581 Active Carbon Pre-Filter (Odour)
- ..118074 5200mAh Li-Ion Battery Pack

The true vision lens featured on the MPAPR200 improves visibility and reduces eye strain by minimising the traditional lime green colouring in the viewing screen.

PAPR TRUE VISION LENS

STANDARD LENS

# Auto Darkening Welding Helmet

Tech Spec	MPAPR200
Viewing Area	100x50mm
Adjustable Shade	4/5-13 + GRIND MODE
Arc Sensors	4
Optical Class	1/1/1/2
Helmet Approvals	AS/NZS 1337.1
Lens (ADF) Approvals	AS/NZS 1338.1
Sensitivity	Adjustable
Dark to Light Delay	Adjustable
Magnification Lenses	Available

## Digital display and controls
